MEMORANDUM FOR: Director of Security  
Executive Secretary, USIB

SUBJECT: Report on Pending Actions on the Control  
and Release of TALENT-KEYHOLE Material

1. The attached report was prepared for me by  as I felt that the actions described therein have been pending for too long. USIB actions are involved, specifically USIB-D-41.12/11, but there is also a burden on COMOR and IBSEC.

2. In my opinion the attached memorandum is a fair resume of where actions are and what needs to be done, but at this point in time I feel it is too complicated a paper to send forward to the DCI. It is my suggestion, therefore, that both addressees peruse it and that we meet in the near future to discuss whether we agree with the summary of the situation and have any ideas as to what actions should be taken to put these various security, control, release, and relaxation matters back on the road.
